Dear Bill:

This letter is an informational notice of the Postal Service's decision to end the Area Mail Processing (AMP) feasibility study at the Utica, New York Processing and Distribution Facility (P&DF).

After preliminary review, it has been determined that there are currently no significant opportunities to improve efficiency or service through consolidation of originating mail processing operations at the Utica P&DF with those at the Syracuse, New York Processing and Distribution Center. Therefore, no significant changes will be made at this time.

If you have any questions regarding this notice, please contact Mary Hércules at (202) 268-4356.

Sincerely,

A handwritten signature in black ink, appearing to read "John W. Dockins".

 John W. Dockins  
Manager  
Contract Administration (APWU)
