Dear Bill:

This letter is an informational notice of the Postal Service's decision to halt the Area Mail Processing (AMP) feasibility study at the Rocky Mount, North Carolina Processing and Distribution Facility (P&DF).

After preliminary review, it has been determined that there are currently no significant opportunities to improve efficiency or service through consolidation of originating mail processing operations at the Rocky Mount P&DF with those at the Raleigh, North Carolina Processing and Distribution Center. Therefore, no significant changes will be made at this time.

If you have any questions regarding this notice, please contact Ron Scott at (202) 268-7512.

Sincerely,

A handwritten signature in black ink, appearing to read "John W. Dockins".

John W. Dockins  
Manager  
Contract Administration (APWU)
