Dear Bill:

This letter is an informational notice of the Postal Service's decision to halt the Area Mail Processing (AMP) feasibility study at the North Bay, California Processing and Distribution Center (P&DC).

After preliminary review, it has been determined that there are currently no significant opportunities to improve efficiency or service through consolidation of originating mail processing operations at the North Bay P&DC with those of the San Francisco, California P&DC. Therefore, no significant changes will be made at this time.

If you have any questions regarding this notice, please contact Ron Scott at (202) 268-7512.

Sincerely,

John W. Dockins
