Dear Bill:

This letter is an Informational notice of the Postal Service's decision to halt the Area Mail Processing (AMP) feasibility study at the Salinas, California Processing and Distribution Facility (P&DF).

After preliminary review, it has been determined that there are currently no significant opportunities to improve efficiency or service through consolidation of destinating mail processing operations at the Salinas P&DF with those at the San Jose, California Processing and Distribution Center. Therefore, no significant changes will be made at this time.

If you have any questions regarding this notice, please contact Ron Scott at (202) 268-7512.

Sincerely,

John W. Doekins
Manager
Contract Administration (APWU)
