Dear Bill:

As we have discussed, there are no national guidelines regarding Highway Contract Route (HCR) employers staging and storing private equipment on postal property.

However, the following practice and policy is in place:

- 1) HCR employers make their request(s) for available space for staging and storing equipment at a postal facility to the appropriate installation head.
- 2) Based on space availability and other local circumstances, the installation head has discretion to make a case-by-case decision.

If there are any further questions, please contact Mary Hércules at (202) 268-4356.

Doug A. Tulino
