Phone number: 123-098-7658 Fax number: 123-678-4567

Specialty/Type of Practice: OBSTETRICS

# FMLA DESCRIPTION OF SERIOUS HEALTH CONDITION<sup>1</sup>

A “Serious Health Condition” means an illness, injury, impairment, or physical or mental condition that involves one of the following:

## 1. Hospital Care

Inpatient care (i.e. an overnight stay) in a hospital, hospice, or residential medical care facility, including any period of incapacity or subsequent treatment<sup>2</sup> in connection with or consequent to such inpatient care.

## 2. Absence Plus Treatment

A period of incapacity of more than three full consecutive days (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:

(a) Treatment two or more times (within 30 days of the first day of incapacity, unless extenuating circumstances exist) by a health care provider, by a nurse or physician’s assistant under direct supervision of a health care provider, or by a provider of health care services (e.g. physical therapist) under orders of, or on referral by, a health care provider; or

(b) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment<sup>3</sup> under the supervision of a health care provider.

The requirements for treatment by a health care provider means an in-person visit to a healthcare provider. The first (or only) in-person treatment visit must take place within seven days of the first day of incapacity.

## 3. Pregnancy

Any period of incapacity due to pregnancy, or for prenatal care.

## 4. Chronic Conditions Requiring Treatments

A chronic condition which;

(a) Requires periodic (at least twice a year) visits for treatment by a health care provider, or by a nurse or physician’s assistant under direct supervision of a health care provider;

(b) Continues over an extended period of time (including recurring episodes of a single underlying condition); and

(c) May cause episodic rather than a continuing period of incapacity<sup>4</sup> (e.g., asthma, diabetes, epilepsy).

## 5. Permanent/Long-term Conditions Requiring Supervision

A period of incapacity<sup>4</sup> which is permanent or long term due to a condition for which treatment may not be effective.

The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer’s, a severe stroke, or the terminal stages of a disease.

## 6. Multiple Treatments (Non-Chronic Conditions)

Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity<sup>4</sup> of more than three full consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.) severe arthritis (physical therapy), or kidney disease (dialysis).

---

<sup>1</sup> Here and elsewhere on this form, the information sought relates only to the condition for which the employee is taking FMLA leave.

<sup>2</sup> Treatment includes examinations to determine if a serious health condition exists and evaluations of the condition. Treatment does not include routine physical examinations, eye examinations, or dental examinations.

<sup>3</sup> A regimen of continuing treatment includes, for example, a course of prescription medication (e.g. antibiotic) or therapy requiring special equipment to restore or alleviate the health condition. A regimen of treatment does not include the taking of over-the-counter medications such as aspirin, antihistamines, or salves; or bed-rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider.

<sup>4</sup> “Incapacity,” for purposes of FMLA, is defined to mean inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment therefor, or recovery therefrom.
