Fax: (202) 842-4285

Dear Bill:

Re: Area Mail Processing (AMP) Consolidation

This is to inform you of the Postal Service's decision to consolidate all originating mail processing operations at the following Pacific Area location:

- Oxnard, California Processing and Distribution Facility (P&DF) into Santa Clarita (Van Nuys), California Processing and Distribution Center (P&DC)

After review, it was decided that this consolidation was in the best interest of the Postal Service. Implementation of this AMP is expected to be completed by January 2010. Enclosed, per your request are copies of the completed studies.

The Postal Service must continually look to improve productivity and increase efficiency while maintaining excellent service. The decline in mail volume and revenues due to the economic downturn has only heightened the need for such improvements. These consolidations will allow us to accomplish this goal by making better use of excess space, staffing, and equipment, and to process mail more efficiently.

It is projected that this consolidation will result in significant savings for the Postal Service. Some affected career employees may be reassigned to the gaining facility or to other vacant positions. Reassignments will be made in accordance with the collective bargaining agreement.

If you have questions, or need additional information, please contact Ron Scott at (202) 268-7512.

Sincerely,

fox John W. Dockins
Manager

Contract Administration

rev 10/15/2009

Summary Narrative

Last Saved: October 27, 2009

Losing Facility Name and Type: Oxnard P&DF

Current 3D ZIP Code(s): 930

Type of Distribution to Consolidate: Originating

Gaining Facility Name and Type: Santa Clarita/Van Nuys P&DC

Current 3D ZIP Code(s): 913,914,915,916

Background:

The Sierra Coastal District has completed an Area Mail Processing (AMP) study to determine the feasibility of relocating originating mail processing and distribution operations from the Oxnard CA P&DF to Santa Clarita, CA P&DC. The AMP would move originating mail processing operations for ZIP Code 930 to the Santa Clarita, CA P&DC, which currently services ZIPs 913, 914, 915 & 916. The purpose of this proposed consolidation is to gain savings in our operations through economies of scale. The minor adjustments being made to Operating Plans should not have an adverse impact on 24-Hour Clock performance.

The Oxnard, CA P&DF is an owned facility occupied by the USPS since 1991. The Santa Clarita P&DC is an owned facility occupied by the USPS since 1994. The Oxnard, CA P&DF is located approximately 46 miles from the Santa Clarita, CA P&DC.

Financial Summary:

Annual baseline data came from April 1, 2008 – March 31, 2009. Financial savings proposed for this consolidation of originating operations are:

Total First Year Savings	\$1,797,595
Total Annual Savings	\$1,831,575

The total FHP (average daily volume) to be transferred to Santa Clarita is 324,416 pieces.

Customer Service Considerations:

The postmark at the Santa Clarita, CA P&DC would read: SANTA CLARITA CA 913.

The Service Standard Directory (SSD) indicates First-Class Mail (FCM) overnight would have twenty-one (21) 3-digit ZIP code pairs upgraded with this consolidation, while one (1) FCM overnight 3-digit ZIP Code pair will be downgraded to 2-Day (930 to 934).

With network and operational adjustments, the Sierra Coastal District expects to maintain overnight service from Santa Clarita, CA to Santa Barbara CA 931 customers. However, the district does not expect to provide overnight service consistently from Santa Clarita to the Santa Barbara, CA 934 customers. If this AMP is approved, Pacific area will request service standards be upgraded to overnight service from Santa Clarita (Van Nuys), CA 913-916 to Santa Barbara, CA 931.

There will be no change to the business mail entry unit presence at the Oxnard, CA P&DF. There is no retail unit at the Oxnard facility location.

Transportation Changes:

PVS transportation is not applicable. Highway contract transportation costs will increase due to the additional mileage and trips required to move collection mail (930) to Santa Clarita P&DC. An additional 5 trips will be required to move collection volumes between Oxnard and Santa Clarita, and minor mileage adjustments are required to bring collections directly to Santa Clarita from offices closer to the Santa Clarita plant. Total annual transportation cost would be \$104,268.

Staffing Impacts:

Under this proposed AMP, the Oxnard facility will see a reduction in Craft complement of fifty-nine (59) positions and a reduction in EAS complement of one (1) position. Santa Clarita will see an increase in Craft complement of thirty-five (35) positions and no change in EAS complement.

rev 04/23/2009

Summary Narrative *(continued)*

EAS to Craft Ratio: While one of these ratios at Santa Clarita did not meet target in the Current state, measures were taken as part of this study and proposal to remedy this situation. Accordingly, the proposed complement meets or exceeds target. As for Oxnard, they also did not meet target in the Current state. Due to the low number of staff remaining (134 Craft), however, the Proposal would have required a reduction to five (5) SDOs and one (1) MDO, yielding ratios of 1:27 and 1:22 respectively, in order to meet or exceed target. It is the Area's contention that this would not provide the essential coverage necessary in managing the 24/7 operation at this facility, and so a complement of six (6) SDOs and one (1) MDO is being proposed, yielding a ratio of 1:22 and 1:19 respectively.

Pursuant to the Worker Adjustment and Retraining Notification (WARN) Act, the USPS will comply with the National Labor Agreements in reassigning employees.

Mail Processing Management to Craft Ratio				
Management to Craft ² Ratios	Current		Proposed	
	SDOs to Craft ¹ (1:25 target)	MDOs+SDOs to Craft ¹ (1:22 target)	SDOs to Craft ¹ (1:25 target)	MDOs+SDOs to Craft ¹ (1:22 target)
Oxnard	1 : 24	1 : 21	1 : 22	1 : 19
Santa Clarita	1 : 25	1 : 21	1 : 26	1 : 22

¹ Craft = FTR+PTR+PTF+Casuals
² Craft = F1 + F4 at Losing; F1 only at Gaining

Management and Craft Staffing Impacts							
	Oxnard			Santa Clarita			Net Diff
	Current On-Rolls	Proposed	Diff	Current On-Rolls	Proposed	Diff	
Craft ¹	243	184	(59)	1,217	1,252	35	(24)
Management	15	14	(1)	81	81	-	(1)

¹ Craft = FTR+PTR+PTF+Casuals

Equipment Relocation and Maintenance Impacts:

The current number of 12 AFCS in Santa Clarita, CA P&DC will be used to cancel the proposed outgoing mail from Oxnard. The 3 AFCS at Oxnard canceled an average daily volume of 179,844 pieces. Oxnard will tarp its 3 AFCS; disposal costs are expected to be \$30,000. Relocation costs are \$3,980 to move one CIOSS and LMLM from the Oxnard to Santa Clarita plant.

Space Impacts:

The total interior footage of the Oxnard P&DF is 161,375 sq. ft. With the approved AMP, the expected gain of 6,300 sq. ft. will be used for future processing distribution operations/equipment.

Other Concurrent Initiatives:

Oxnard is not impacted by any other significant cost savings program occurring during the AMP process.

Mail Processing Equipment Relocation Costs from Losing to Gaining Facility: \$33,980 (This number is carried forward to *Space Evaluation and Other Costs*)

(9) Notes: Disposal costs of \$10,000 for each AFCS at Oxnard contribute a total of \$30,000 towards one-time MPE costs. Since originating mail volume from the Industry P&DC 910 was consolidated into Santa Clarita in July 2009, twelve AFCS and four AFSM 100 are proposed for Santa Clarita to process new volumes.
